INTERNSHIPS

Front End Development Intern || Glaztower, Delhi

Jun'23-Jul'23

- Integrated Google Form functionality while creating visually appealing banners to enhance the user experience and drive engagement
- Leveraged the power of Figma and Canva to create captivating social media posts that effectively communicate key messages and resonated with the target audience

Web Development Intern|| SelectricGo, Delhi

Apr'22-Jun'22

- Contributed as a core team member in the web development of SelectricGo, an early-stage **EV-related tech (SaaS) startup**. Led the decision-making process for **selecting frameworks** and the tech stack for the website deployment
- Played a critical role in **testing** and deploying the website, resulting in a significant increase in user base from 0 to the current active users

ACADEMIC PROJECTS

Watchify | [Link](#) | **HTML, CSS, ReactJs, Axios**

Jun'23

- Built a modern video-watching application using React JS, styled with **Material UI library**. Employed Axios to **fetch APIs from RapidAPI** for seamless integration of external content
- Serves as a promising YouTube clone website, providing users with a seamless and engaging platform to explore and enjoy video content

Food Recipe App | [Link](#) | **MongoDB, NodeJs, ExpressJs, ReactJs**

Mar'23

- Designed and developed a robust Food Recipe application using the **MERN stack**, empowering users to effortlessly create and save their favorite recipes
- Implemented **RESTful API** and **Axios** for seamless data communication and utilized **bcrypt** package for secure user authentication. Successfully deployed the app on **Render** for reliable hosting and accessibility

QuizApp | [Link](#) | **React JS, Firebase, Javascript**

Feb'22

- Developed a dynamic quiz application using **React JS** and **Firebase Firestore**, enabling **real-time** quiz creation and participation. Implemented quiz-playing functionality with live score tracking for an engaging user experience
- Employed modern front-end development techniques, such as **responsive design** and **performance optimization**, to enhance the overall user experience

ACHIEVEMENTS & AWARDS
